

CHURCH ACTION KIT 3.0

Pray for those impacted by
the war against Ukraine.

PRAY FOR THOSE IMPACTED
BY THE WAR AGAINST UKRAINE.

The Foursquare Church, together with Foursquare Disaster Relief, is already responding to the humanitarian crisis caused by Russia's war against Ukraine. Below, find resources as you guide your congregation through a time of prayer and generosity.

WHAT IS FOURSQUARE DISASTER RELIEF?

Foursquare Disaster Relief (FDR), as the compassion arm of Foursquare, is holistic, gospel response through the local church around the world.

PRAYER POINTS

Continue to pray for Foursquare
leaders in Ukraine + Russia.

Pray for the continued safety for Foursquare pastors and church members as they provide immediate care and support for Ukrainians. Pray for our workers and churches in neighboring nations as they open their doors to receive millions of refugees. Ask God to provide safety, strategy, facilities, logistics, networks and resources.

PRAYER POINTS

Pray for families separated and divided still.

Pray for safety for families sheltering in their homes from bombs and fighting. Pray for mothers who are keeping their families safe at home or abroad while fathers stay and fight.

Pray for orphaned children in Ukraine.

Pray for orphans connected with Foursquare churches and networks as they are evacuated and shelter throughout Ukraine, as well as outside of the country. Lift up any medical needs these children have, as well as their need for long-term shelter solutions and emotional care.

Pray for the refugees.

Continue to pray for safety for the estimated 4 million refugees who have left or are leaving Ukraine, many of them women, children and the elderly. Ask the Lord to protect them as they enter other European countries, that their means of evacuation would be safe. Pray that the refugees would not be abused or misguided, and pray that the housing that has opened up in four European nations with Foursquare would be safe havens for rest and recovery for Ukrainians.

Pray for humanitarian aid efforts and those trying to help.

Continue to pray for access for humanitarian aid going into the country from FDR and partner organizations. Pray for protection, safe roads and strategic direction—that supplies would get to where they are most needed. Pray that aid would not be stolen, nor aid trucks targeted, bombed or destroyed. Ask God to protect the large containers of aid being sent from the U.S. and other countries, that it would get safely through and bring much needed help to Ukraine.

Pray for the Church in Ukraine.

Ask the Lord to allow churches in Ukraine to continue to find ways to meet and worship safely. Pray that the name of Jesus would be lifted up and glorified in Ukraine, and that strategic connections would be made among these churches and those who remain.

Pray for the emotional impacts of this conflict.

Pray especially for the emotional toll this conflict is taking on the Ukrainian people. Ask the Lord to protect their hearts and minds amid this trauma. Pray that caregivers and counselors would have supernatural strength and compassion.

Pray for those affected by this conflict in Russia.

Continue to pray for Russians as well, as things get more and more difficult in their country. Pray for the hearts of Russian and Ukrainian family members who are being even more divided based on the news coverage of the conflict in their own countries. Ask God to turn the hearts of leaders and the military orchestrating this conflict, that they would be filled with compassion for the people of Ukraine. Pray for The Foursquare Church in Russia ministering to families there.

FOURSQUARE IN ACTION

Foursquare Disaster Relief is on the ground in Ukraine, Russia and Poland, as well as other neighboring countries. With our Foursquare Missions International (FMI) partners and local churches there, your assistance is impacting practical relief efforts through Foursquare churches in Europe. Foursquare partners are buying food and life-saving essentials, providing emergency housing and assisting in Russia. As needs continue to arise, please continue to give and to encourage your congregations to give generously. Read on to discover how your giving has affected relief efforts and will help Ukraine in the future.

EMERGENCY RELIEF + SETUP

Immediate life-saving food aid has been provided to Ukraine's Foursquare pastors, leaders, church members, communities and partners.

Ukrainians have been given emergency housing, whether inside of Ukraine or in neighboring partner countries. Because of your help, FDR and FMI have housed hundreds of refugees in Poland, Romania, Slovakia, Croatia, Austria and elsewhere in Europe.

You are helping provide evacuation support for pastors and orphans to safe zones in Ukraine and neighboring countries.

Your giving is enabling networking and support for the Body of Christ on the ground in Ukraine.

FUTURE PROJECTS

Your ongoing giving is desperately needed. With your help, we hope to continue with the following projects

Your giving helps coordinate and mobilize Foursquare strategic response, including the safe transportation of aid into Ukraine as more supplies are needed.

Prayer and financial support are needed to provide spiritual and emotional care for pastors, workers and leaders as they serve. Leaders need training in how to care for Ukrainians with trauma.

Funds are needed to translate materials such as Bibles, books and tracts for use in Ukraine.

Your giving helps provide immediate financial support in Russia to respond to physical needs that arise amid economic sanctions.

LONG-TERM SUPPORT

Your generosity is necessary and is helping set up long-term housing in four nations (Croatia, Poland, Slovakia and Romania) for refugee families. There is also a long-term need for setup logistics for supply warehouses.

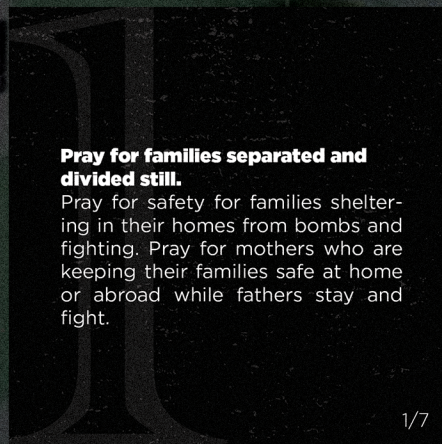

Future giving will help refugees receive language lessons, job skill training and integration into society.

Refugees also will need spiritual and emotional care, support and counseling in the wake of this trauma.
