

Together On MISSION

As we look back over the past year, we're grateful for the lives we've saved together!

The Foursquare Disaster Relief (FDR) Ready Fund is a pool of resources that enables responders and local churches to rapidly respond to emergencies around the world. The most essential time for action is immediately after a disaster.

Give peace of mind this holiday season

The Ready Fund equips the local church to meet people in their greatest hour of need, getting critical supplies to disaster areas immediately.

Tragedies happen in two parts: the disaster and the aftermath

Often, the aftermath of a disaster is as deadly as the disaster itself. When power is out and roads are blocked, people can't access their basic needs. It is in these dark hours that Foursquare Disaster Relief brings urgently needed food, water, shelter, medicine, prayer, medical help and spiritual comfort. Our Ready Fund Partners help us minimize the harm left in the wake of a disaster by allowing quick and effective response immediately.

This Christmas season, partner with us to build up the Ready Fund so we can respond to global hunger and disasters when it matters most.
