

Safe Water Changes Everything

Foursquare Disaster Relief

Leader Talking Points

Goal

- Help students understand why safe water matters
- Show how it impacts kids their age
- Invite them to respond through giving, prayer, and awareness

Before You Play the Video

- Set the moment: We are about to watch a video about something we use every day, water
- Ask: When was the last time you used water today
- Invite students to think about life without clean water

After the Video

- What stood out to you the most
- How would your day change without safe water
- Why is safe water important
- What did you notice about how churches are helping

Key Points

- Many families do not have reliable access to clean water
- Unsafe water can lead to sickness and missed school
- Safe water helps kids stay healthy and grow strong
- Foursquare Disaster Relief partners with local churches to provide clean water
- Students can be part of the solution

Spiritual Connection

- Jesus is the living water who brings lasting life
- We care for physical needs and point people to hope in Him

Lead Into Response

- “What you watched is something you can be part of”
- “Let’s look at how you can respond”
 - Pray
 - Give

Prayer

- Pray for families without safe water
- Pray for local churches serving their communities
- Pray for willing hearts to respond
